Please be aware that once we start riding after the Fall Naadam, our route and the length of each day's ride can depend entirely on unforeseen conditions including weather, flooded rivers, horses condition, location of the Tsaatan camp, etc. We strive to include all aspects of the itinerary but must put safety and a timely arrival in Ulaan Baatar to meet homeward bound flights as our top priorities. Also, flights schedules in Mongolia are highly capricious with many schedule changes. Neither we, nor anyone in Mongolia, know what actual flights we will have to and from Muren until a few weeks before the flight date. Thus, an evening flight from Muren to UB at the end of the trip gives us extra time for a flexible and more leisurely trip to Muren. A morning flight on the same day requires that we may drive long hours or lose as much as a full riding day in order to catch our flight. We appreciate your patience and understanding.
